Enrolment status	MAIN, Kate is eligible to stand for election as a resident of the Town of Claremont.

As part of a good Claremont Council team, we have achieved much, including underground power for the whole town, beautifying public parks and spaces, events and activities for residents, and community consultation for future planning.

As a qualified Horticulturalist, I have a mission to increase our tree canopy and green spaces.

Historic Claremont is very special, and I want to preserve these buildings and streetscapes.

Forward planning is a vital part of making Claremont vibrant. The Council has kept up with the planning for responsible infill. As an independent with no conflicts of interest, I would like to ensure development occurs according to our comprehensive local planning strategies.

Safer and more beautiful paths and streets will encourage walking and cycling. The new Traffic Management Committee plans to engage with our many student families to use alternative modes of transport.

Restaurants and small shops create a vibrant village feel, and encouraging them must be prioritised.
